

MLAMBE GOLF COURSE

WHAT IS IT?

The Mlambe Golf Course is located alongside the Retreat. The course offers nine holes of par three golf, in a unique African setting, which golfers will find as challenging as it is beautiful.

WHAT CAN ONE DO THERE?

Mlambe, meaning Boabab in the native language, is mesmerizing with its indigenous vegetation, some varieties which are hundreds of years old. Beautiful birds such as Malachite Kingfishers, Lilac Breasted Rollers, African Jakanas (Jesus Birds) and fish eagles habitat in the untouched topology, making the course as interesting to the sporty as that to the keen bird watchers and peaceful to those fancying a romantic stroll.
